### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with an attorney of record, Dennis Moore, on 1/5/05.

2. The application has been amended as follows:

In claim 1, line 7, "first", second occurrence, has been changed to -- third --.

In claim 10, line 9, "first" has been changed to -- third --.

### **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance: Claims 1-13 are allowed.

Claims 1-9 are allowed because the prior art of record fails to disclose or suggest the inclusion of the recited connection (structure) which is the main current path of the third transistor being connected via the main current path of the fourth transistor to the other end of the main current path of the second transistor in a comparator as recited in claim 1. The difference between this claimed structure and the Marlow's structure defines patentability over

the prior art of record because it appears that such a difference in the structure add current to the opposite side current branch so that there is always current flowing to both sides, therefore, allowing faster switching at low tail currents which is not taught or fairly suggested by the reference (response on 11/18/04, page 8).

Claims 10-13 are allowed for the same reason noted in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Nguyen whose telephone number is 571-272-1748. The examiner can normally be reached on Monday, Tuesday, Thursday, Friday 7:00-5:30.
